NETCHEMISTRY RELEASES CORE PRODUCT SUITE V.4.0 NOW WITH NETSECURESTATEMENT PRESENTATION AND DELIVERY

NEWPORT BEACH, Calif., January 2, 2004 - NetChemistry, a top-tier provider of mission-critical, highly secure software to the Financial and Health Services Sector, today announced the V. 4.0. release of its Core Product Suite - secure, scalable Software modules that can be rapidly customized to fit each client's unique business parameters. These solutions are designed to automate business processes and thereby create efficiencies, cut costs, and improve data integrity by leveraging technology to take the place of resource intensive processes.

"With NetChemistry's latest Core Product Suite, we are better able to serve the dynamic needs of our firm's clients," said Tyler Hesse, COO of NetChemistry. "It will definitely allow us to customize web based systems easier, faster and with less liability."

"Our goal has always been to help companies better access technology at affordable prices," said Chris Cruttenden, president of NetChemistry. "With our Core Product Suite we've reduced the time, costs and worry associated with new technology initiatives."

About the Core Product Suite

Combining vertical expertise with our Core Product Suite, NetChemistry specializes in Web-based information enrollment, distribution and tracking systems comprised of secure, scalable software modules that can be rapidly customized to fit each client's unique business parameters. NetChemistry's modules are compiled into client-specialized platforms.

About NetChemistry

NetChemistry is an Internet solution and software provider for the Financial and Health Services industry whose systems have handled billions of dollars in transactions. Combining vertical expertise with their Core Product Suite, NetChemistry specializes in Web-based information enrollment, distribution and tracking systems comprised of secure, scalable software modules that can be rapidly customized to fit the different parameters of each clients offering. The modules are designed to improve customer relationships resulting in efficiency, convenience and reduced liability.

In addition to software development, NetChemistry has a comprehensive understanding of design architecture, systems integration and provides a complete hosting solution at the tier one SBC facility in Southern California. For more information on NetChemistry or its services, contact NetChemistry at 4600 Campus Drive, Suite 201A, Newport Beach, Calif., 92660; phone: (949) 399-5380; or visit www.netchemistry.com.
